Memo

To: All Residents and Partners of Moorings Park Institute

From: Ross Dickmann, Vice President of Operations

Cc: File

Date: March 2, 2020

Subject: Coronavirus

This morning the Florida Department of Health has announced the potential for two Coronavirus cases in the Tampa Bay region. Accordingly, Governor DeSantis has issued a Public Health Emergency for the state of Florida.

Moorings Park commenced preparations for the Coronavirus over the past two weeks in the event of an infectious outbreak. Today, we will launch phase II of preparations in light of this latest information. Diana Bailey, Dr. Contreras and other executive leadership will meet to review a number of actionable steps applicable to the next phase. Please know that Moorings Park remains vigilant in this matter and will communicate updates on a regular basis.
