Wellness/Fitness	No restrictions to Wellness/Fitness activities.
Resident Open Forums and Town Meetings	Meetings may occur in-person at maximum capacity.

## Positive COVID-19 Test

Some common terms found in our updates are ***Isolation*** and ***Quarantine***. Per the Center for Disease Control (CDC) the definitions are as follows:

- **Isolation** keeps someone who has tested positive for COVID-19 with or without symptoms away from others. Length of isolation is based on your doctors recommendation.
- **Quarantine** keeps someone who was in close contact with a COVID-19 positive individual away from others. Quarantine can end after 14 days or if a negative COVID-19 test was received at the appropriate interval after exposure.

Residents will receive specific information on the supportive services provided by Moorings Park and additional procedure they must follow during isolation or quarantine from the campus Executive Director upon notification of a positive test result.
