

# Memo

**To:** All Residents of Moorings Park Institute  
**From:** Katy Kurili, Chief Operating Officer  
**Cc:** File  
**Date:** August 12, 2025  
**Subject:** Tropical Storm Erin

---

Moorings Park is closely monitoring Tropical Storm Erin. As of 11:00 a.m., the Tuesday update from the National Hurricane Center showed Tropical Storm Erin is moving quickly towards the west at nearly 23 mph, and this general motion will persist through early Thursday. From that point, Erin is forecasted to strengthen into our first Hurricane of the 2025 Atlantic Hurricane Season and continue developing into a potential Category 3 major hurricane this weekend.

Currently, there are no watches or warnings in effect for Collier County, and early models indicate a northern trajectory; however, we will continue to closely monitor the storm, and additional updates will be provided as needed. This is a good opportunity to review your own hurricane preparations to ensure you have recommended supplies on hand.

Your safety is our top priority.
